Legislative Correspondence.

We have arranged for a daily letter from Madison, during the session of the Legislature, from the pen of a gentleman thoroughly competent for the work, and whose position gives him very superior opportunities for the task. We publish the first of his letters this evening; we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

Missouri is Free.

Another child is born into the family of free States. Missouri has put away the sin of slavery of her own free will and accord, and comes to the baptismal font, sober and repentant, asking to be christened FREE! The battle of freedom which was lost to her in 1820, by the casting vote of Henry Clay, is won to her in 1865 under the benignant sway of Abraham Lincoln. True, she has drank the bitter cup of sin and humiliation to the very dregs, has been almost torn asunder by the incarnate fiend of civil war, but the day of her regeneration has come, and her brow is crowned with the radiant halo of liberty. We bid her welcome and all hail!

From Madison.

Editorial Correspondence.

JANUARY 12, 1865.
 Through the courtesy of Governor Lewis, I was enabled to send you a copy of his annual Message in advance, so that the readers of the GAZETTE might have the privilege of reading it upon the day of its delivery. It is a statesman-like document and meets with very general commendation here among members of the legislature, as I doubt not it will with the people of the State generally.

The looks of the members of the new Assembly impress me favorably, on both sides of the House. The democrats have several men of very decided ability and legislative experience who will exert considerable influence in this body—such as Abrams of Brown, Hadley of Milwaukee, and Jones of Dodge. The last named gentleman has had several years of experience here, and if it were not for his disposition to be overlastingly talking, might be an influential member. Hadley is an old stager and will probably assume to play the cards for the democratic faction upon the floor of the house. Mr. Abrams was a member of the last legislature, and is well qualified from experience and education to take a leading part in the deliberations of the Assembly. He received the vote of his party for the Speakership.

On the Union side of the House, we have several new members that will probably be known as active men before the session closes. Messrs. Cassaday, of Rock; Windor and Tilton, of Walworth; Reed, of Door; Ross, of Dane; and Davis, of Milwaukee, who, by the way, is the only Union man from that city and county. The people of Grant county seem to be duly impressed with the vital importance of sending experienced men here to legislate for them—four of the five from that county having served several terms here before. It is just what should be done everywhere, and will be done when the matter is perfectly understood by the people.

The State printer has thrown up his contract in consequence of the high price of material and labor, and left the legislature to provide for the work as best it can. It is pretty nearly time that this game was stopped on the part of irresponsible bidders, and the State should look to the housemen to pay the damages in part at least.

I telegraphed you that there was already a good deal of figuring about the formation of the committee on railroads. All parties seem quite anxious to give Mr. Speaker Field the full benefit of their disinterested advice. I presume the Speaker will listen patiently to what they have to say, and then make up that, and all other committee, in a manner that he shall deem best for the general interests of the State, like an honest, independent man should.

Rock county, I am glad to say, fares better at the hands of this legislature in the way of appointments, than ever before, having carried off no less than six prizes of that description. This is due to her as the banner Union county in the State.

Mr. King from the Beloit district, is not able to be present in consequence of injuries sustained by a recent accident. The other members from old Rock are all present, and no doubt will be heard from in due time. Mr. Cassaday took a hand in the debate that sprang up this morning on Polk county contested election case, and is destined to occupy high rank as a ready debater.

Madison Correspondence.

[From our Regular Reporter.]

Madison, Jan. 12th, 1865.

Editors Gazette:—You have undoubtedly been apprised by telegraph of the organization of the two Houses of the Legislature. They are now in working order, and both, so far, have worked smoothly and well. The great event of today, in the Legislature, has been the delivery of the Governor's Message, which he delivered this afternoon in the Assembly Chamber, to a joint convention of the two Houses.

It was audibly and emphatically read and some of its salient points, such as those relating to the economical management of the contingent funds entrusted to the Governor's care, the advocating of Legislation to adequately treat the real estate and citizenship of runaway from their duty to

their country and their fellow-citizens in this hour of trial, to avoid the draft and other just responsibilities of citizenship, and the full and explicit endorsement of President Lincoln's Emancipation Proclamation, were heartily applauded. The Message left a satisfactory and deep impression, and the opinion of a heavy majority of the listeners, was, that it had the right business and patriotic stamp and was very pertinent to the time and to the circumstances of the State and Nation.

I must not omit to mention that the message was appropriately prefaced by the reading of a glorious telegram from the Governor of Missouri, informing our Governor of the freedom of his noble State; and a dispatch from the latter welcoming Missouri as a free State. What a change in a few years! What rapid and progressive history is a reflecting and intelligent majority of the people of a free and independent nation making, and how much to be pitied are those who, not seeing the reason for change, nor feeling its mighty influence, are left away behind amongst the rubbish of dogged prejudices and the disappointments of ambition and policy.

There are two contested seats in the Assembly; one being that held by Mr. Gray, as the member from Polk, Superior and Douglas, and which is contested by Mr. A. C. Stunby, on the ground that the addition of the soldiers' vote elects him. Owing to the distance of the district from the capital, the return of the soldiers' vote did not reach the clerk of the board with in the time prescribed by law, and he thereupon gave the certificate to Mr. Gray. The other is a contested seat from the Wood and Marathon district, Mr. Remington being the sitting member. After some discussion the memorial of Mr. Stunby was referred to a select committee of five, and there being no memorial in the other case, no action was taken on it.

A bill has been introduced in the Assembly for amending the bounty law of 1864, so that the amount to each volunteer may be more than two hundred dollars. We don't know how much this amendment is desired, but we do know that there is considerable movement in this vicinity towards having the law amended so as to allow of the recent levies of bounty taxes in several towns being included and collected in the present year's returns. The other business in both branches has been merely routine.

The members of both houses present a general appearance of respectability and intelligence that their brother Badgers may be proud of, and of which we have heard several visiting Badgers already most favorably comment on. May their acts be as good and substantial as their looks, is all we have to say till our next.

A STORY ABOUT THOMAS.—There appears to have been some truth in the statement recently made in regard to the superseding of General Thomas, if we may believe the following from the Louisville Journal.

We learn that another distinguished Major General was in this city, last week with orders to the front to supersede Gen. Thomas. It seems that his policy was not understood; his retreat upon Nashville was thought to be wrong, and when he retreated there he was too slow, and the people and the authorities complained, so his recall was decided upon. His successor was appointed, and reached Louisville, on his way to Nashville, but paused in our city when it was announced that Thomas had remounted his cavalry, furnished his artillery with fresh horses, and made a sally upon the left of the rebel line and in twenty-four hours doubled Hood's divisions upon one another in a maze of entanglement. His gallant successor was delighted for he is a true patriot and courageous soldier and desired nothing but the defeat of the rebels. He returned to other fields, and now there is another name added to glory's roll of the "Grant-Sherman, Sheridan and Thomas." The last has the highest claim to the commendation of his countrymen, for he was born July 31, 1816 in Southampton county, Virginia, and could not be seduced from the old flag of the Union.

The appointments of the subordinate officers of the two houses have nearly all been made. We shall publish a list as soon as they are complete. Mr. L. M. Hammond, of Rock, has been appointed First Assistant Sergeant-at-Arms and Mr. E. W. Young, of Sauk, Clerk of the Assembly. Both are admirably fitted for the positions, by experience in the discharge of their duties and by their prompt and courteous habits. The numerous disappointed seekers of place have mainly left for home, though a few are still waiting for "something to turn up."—*Madison Journal.*

New York.—The *Argo* from Port Royal, brings reports of importance. It is said several counties of Georgia, have recently held elections and declared in favor of returning to the Union by overwhelming majorities. It is also reported that people are arming to protect themselves from secessionists. Gov. Brown is said to be the principal promoter of these movements, and that he has disbanded the Ga. Militia, who have returned to their homes. These rumors are all published in the Savannah *Republican Extra* of the evening of the 7th inst.

FROM THE SOUTH.

WASHINGTON, January 12.—The Richmond *Whig* of the 10th inst., has the following item from Savannah:

The *Argo* of the 4th inst., publishes a number of news items derived from a gentleman who left Savannah on the 1st inst. Perfect order is maintained in the city, and no soldiers are allowed to interfere with the citizens in any particular. A citizen was arrested the other day by a drunken soldier. The citizen knocked the soldier down, and the officer of the guard, as soon as he arrived, said nothing to the citizen, but had the soldier taken to the barracks, gagged and soundly whipped for his misbehavior.

A drunken soldier who undertook to create a disturbance, and refused to allow himself to be arrested, was shot down at once by the guard.

One or two of the insurance companies of Savannah are considering the project of establishing a national bank for the issue of greenbacks.

The custom house and post office are being cleaned and repaired, preparatory to the commencement of business again.

The soldiers are not allowed, under any circumstances, to enter private residences. The negroes in most cases are orderly and quiet, remaining with their owners and performing their customary duties.

One store with goods from the north, has already been opened. Nothing but greenbacks are in circulation.

The churches in Savannah are well filled with ladies, but on week days however, but few of them are seen on the streets.

A majority of the population have moved in the city. The families of most of the men who have left, still remain. A majority of the citizens have provisions for some time to come, but there is a scarcity of wood and Gen. Sherman has announced that he will remedy this by getting wood by the Gulf R. R. and hauling it to the citizens.

New York, January 13.—Richmond papers are growing daily more bold in denouncing Jeff. Davis, and advocating the appointment of Lee to supreme command of their armies.

The *Examiner* of the 9th says Jeff.'s course is fast whirling the confederacy to destruction.

Delegates from the Indians in alliance with the rebels were at Shreveport, La., on the 13th of December, for permission to ship cotton to provide for their necessities and to arm Indians in the rebel service.

New York, Jan. 13.—The Richmond *Whig* of the 10th, reports an interview between the commissioners of exchange, but does not know the result.

FROM BUFFALO.

BUFFALO, Jan. 13.—A Canadian named Samuel Sanders, was arrested here for leading false passports. He is a Canadian and had no passport for himself. He is understood to be en route for Fort LaFayette by order of the Secretary of War.

FROM NEW YORK.

New York, Jan. 13.—The *Tribune's* Montreal correspondent says of the origin of the rumor of the probable recognition after the fourth of March next, of the Southern Confederacy, by England and France, that Dudley Mann has written to Sanders that Slidell told him (meaning that he (Slidell) had learned from De Le Hoy) the Emperor's intention to recognize the Confederacy in the spring, but that there was little or no hope of England's uniting in this scheme. Out of this concocted a drunken confederate manufactured the story of the positive determination of the two powers to come to the help of the rebels.

The steamship *China*, from Liverpool the 31st, is coming up the bay.

The *Herald's* Shenandoah correspondent mentions a rumor that Gen. Sheridan is to have a new and very important command.

New York, Jan. 13.—It is announced that Gen. McClellan leaves for his European tour on the first week of February. He has declined an offer of a private vessel tendered by his friends. He leaves in the steamer *China* and will be gone two years.

Nearly all papers to-day contain editorials on peace rumors. The *World* says Mr. Lincoln has no authority to offer amnesty by the abolition of slavery, and Jeff. Davis could not, under the Confederate constitution, accept such an offer. Individual States alone have jurisdiction in the matter.

The *Herald* does not look for any good result from the movements and thinks the whisperings of peace only indicate a brief lull. The *Post* thinks that if the rebel commissioners are on their way to Washington, as reported, they can accomplish nothing. It thinks such a movement would be nothing less than a studied insult to the United States government. If the government should receive them, it would equally insult the authorities of border States. The *Post* claims to have information that Gov. Brown is favorably disposed, and would probably receive agents from the United States.

The *Herald* thinks the conduct of Missouri in passing the emancipation act will soon be imitated by Arkansas, Kentucky, Tennessee and Delaware. The *World* says the passage of the ordinance was a wise step, resulting from clear-sighted perception of the tendency of events, and thinks if the war were to end to-morrow, and the States to retain their jurisdiction over the subject, all would follow the example of Maryland and Missouri.

The *Tribune* is briefly exultant, but makes no comment. The *Post* points out the advantages possessed by laborers and manufacturers under the new system. The *Commercial* thinks the action of Missouri an argument in favor of a Constitutional amendment.

FROM MEXICO.

New York, Jan. 12.—Late advices from Mexico state that Maximilian has issued a manifesto directing the revision by his minister, of bills and claims under which ecclesiastical property has been for some time held, and in effect declaring that it belongs to the State, and that it is in the province of the Government to exercise superior control over it. It appears that he opened negotiations with the Pope while in Rome, on the subject, but to his great surprise finds that the nuncio has just arrived in Mexico without instructions in the matter. He therefore boldly adopts his own policy and it is said it was received with enthusiasm.

Five thousand of the Belgian legion had reached Mexico and more were coming. Nothing later from San Domingo.

New York, Jan. 13.—Dates from Mexico 28th, show the Republican troops still giving the Imperialists plenty to do. Between 4000 and 5000 of the Emperor's soldiers were defeated by the Republicans at Elta. The reported defeat of the Republicans under Ortega unfounded. Through-out southern Mexico supporters of Juarez are very active, in one town the Imperial garrison had revolted, put the perfect to death and joined the Republicans.

FROM THE GULF.

New York, Jan. 13.—Details of the union raid of Col. Robinson from El Barancas, Fla., to Pollards, Ala., show it to have been very successful. The rebels attempted to check his advance but were badly beaten and lost heavily.

Gen. Granger on the 22d was within 23 miles of Mobile. His forces also met with great success in his operations from Mobile Bay to Jackson Co., Mississippi.

STRAYED—On or about the middle
of September, from this city, a Red Cow, 4 years
old, graceful horns, turning in a little white on
her legs, near hind feet milks two streams, and a
small horn of her whereabouts will be suitably re-
warded enquiring at the Garvie Office.
